

Dr. Shreya Singh, MDS

CONSULTANT PROSTHODONTIST

Navi Mumbai, Maharashtra, India | +91 7015963674 | singh.shreya0697@gmail.com
Implant Prosthodontics | Esthetic Dentistry | Full-Mouth Rehabilitation

CAREER OBJECTIVE

Seeking a Consultant Prosthodontist position in a reputed dental clinic, hospital, or academic institution where expertise in implant prosthodontics, esthetic rehabilitation, and full-mouth rehabilitation can be applied to deliver evidence-based, patient-centred care.

PROFESSIONAL SUMMARY

MDS-trained Prosthodontist with hands-on experience across 400+ clinical cases spanning complete denture rehabilitation, implant prosthetics, and maxillofacial prostheses. Skilled in digital workflows, complex treatment planning, and multidisciplinary patient management, with a commitment to high-quality, evidence-based care.

EDUCATION

MDS — Prosthodontics & Crown & Bridge — Maharaja Markandeshwar College of Dental Sciences & Research (MMCDSR), Mullana, Ambala, Haryana 2022 – 2025

BDS — Bachelor of Dental Surgery — KLE Vishwanath Katti Institute of Dental Sciences (KLE VKIDS), Belgaum, Karnataka 2016 – 2021

CLINICAL SKILLS & CORE COMPETENCIES

Prosthodontics & Rehabilitation: Fixed & Removable Prosthodontics, Full-Mouth Rehabilitation, Occlusal Rehabilitation, Complete & Partial Dentures, Crown, Bridge & Veneer Restorations

Implantology & Esthetics: Implant Prosthodontics, Implant-Supported Prostheses, Esthetic Smile Rehabilitation

Specialized Workflows: Digital Prosthodontic Workflows, Maxillofacial Prosthetics, Complex Treatment Planning

CLINICAL EXPERIENCE & CASE PORTFOLIO

Postgraduate Clinical Residency — MMCDSR, Mullana, Ambala, Haryana 2022 – 2025

- Rehabilitated approximately **250 cases** requiring complete dentures and **50 cases** requiring removable partial dentures.
- Executed implant placement and prosthetic rehabilitation for **~100 cases**, and delivered **90 units** of fixed crowns and bridges.
- Successfully managed **3 complex full-mouth rehabilitation** cases.
- Provided specialized maxillofacial prostheses, including **2 ocular prostheses**, **1 orbital prosthesis**, **1 finger prosthesis**, and **10 obturators**.

RESEARCH & THESIS

MDS Thesis: “Comparative evaluation of colour accuracy of digital camera, cross polarizing filter and smartphone camera photography in tooth shade selection: an in vitro study” — MMCDSR, Mullana (2022–2025).
