Summary

DCI-certified MDS Endodontist with 1.5 years of clinical experience in delivering comprehensive endodontic, restorative, and general dental care. Proficient in root canal therapy, endodontic surgeries, post and core restorations, endodontic retreatments, inlays and onlays, vital and non-vital bleaching, aesthetic restorations, and dental veneers. Experienced in providing quality dental care at a government district hospital, managing diverse patient populations, and serving as a consultant across multiple private clinics. Adept at clinical diagnosis, treatment planning, and delivering evidence-based, patient-centered care focused on achieving optimal functional and aesthetic outcomes.

Experience

Medical Officer(Bond Posting) - Endodontist **2025 – 2026**

District Hospital

Katni, MP

- Provided comprehensive endodontic and restorative dental care in a high-volume practice, delivering accurate diagnosis and evidence-based treatment.
- Completed 100+ Root Canal Treatments (RCTs) with a high standard of clinical precision and patient satisfaction.
- Carried out 150+ tooth extractions, including both routine and surgical cases, following established clinical protocols.
- Administered 50+ scaling and prophylaxis procedures to improve periodontal health and support preventive dental care.
- Efficiently managed 40+ outpatient consultations daily, balancing clinical excellence with timely patient care in a high-demand setting.
